

Decorative Button Castings

You will need...

- Scene-A-Rama® Casting Plaster
- Large container and Moon Sand®
- Assorted buttons
- Sandpaper
- Paints, glitter, markers, beads, etc...
- Glue
- Pin backs or magnets

Pour Moon Sand into a large plastic container.

Pat Moon Sand flat and smooth.

Find a few household buttons with ornate patterns

Apply HandiTAK (or masking tape) to back of button. Press button into Moon Sand, then remove. Be sure the button makes a clear impression.

Mix Scene-A-Rama Casting Plaster in small plastic container as directed. Slowly pour into button impressions. Let dry for 30 minutes or until set.

Once dry, use a toothpick to remove Casting Plaster button from Moon Sand.

Clean Moon Sand off surface of Casting Plaster button using a toothpick and/or paintbrush. If necessary, sand bottom flat.

Paint and decorate Casting Plaster button, as desired. Let dry. Be creative and show your personality. Apply Acrylic Clear Coat to seal paint and decorations.

Glue pin back (or magnet) to button. Let dry.
