

# ***PLASTER CLOTH/MODELING TRAY- C1194***

Use as a water pan for dipping Plaster Cloth or a craft tray when pouring plaster castings, plaster slabs and expansive rock walls. Use also as a nonstick surface when modeling waterfalls with Water Effects™ (C1212) or prepouring water features with Realistic Water™ (C1211). Includes side grips for lifting and hang hole for easy storage.

## **CLEANUP**

Do not pour excess plaster down sink drain. Pour out water and discard plaster residue in trash.

**Wet Plaster:** Wipe off with a paper towel.

**Dried Plaster:** Twist and flex to remove plaster.

### **MODELING AND CARE INFORMATION**

Clean up plaster spills with warm, soapy water. Should plaster dry on clothing or work surface, rub with a soft, dry brush before washing. We do not recommend using plaster products for body casts as it may irritate skin.
